

TROY ZONING BYLAWS – DO I NEED A PERMIT?

Troy Zoning Bylaws, for both the town and the village have been in effect since 1973. If you are going to build, set up a mobile home, subdivide property, excavate, change the use of a structure, open a business or a home occupation you must have a permit. State law now requires that all your permits must be in order before you can sell your property and many banks will not finance unless the permits are in order. Are your permits in order? If you do not know, visit the Troy town clerk; all permits are on file there.

The Vermont Legislature has recently changed Chapter 117, the Vermont Municipal and Regional Planning and Development Act. These changes have increased the complexity and administration of the permit process. To cover the additional expenses the following permit fees will be effective on March 21, 2023. A recording fee of \$15.00 is included.

If you have any questions about the Troy Zoning requirements please feel free to call me. I am here to help you work through the permit process.

1. Permitted Uses that can be approved by the Zoning Administrator

Home occupation, Pond	\$60.00
Accessory structures up to 12' by 18' or 216 sq. ft.	60.00
Accessory structures, over 12' by 18' or over 216 sq. ft.	70.00
